

2023 Technical Contest Details

To: South Carolina Technical Drafting Teachers

From: Troy McCurry, Retired, Abbott

Subject: 2023 SKILLSUSA State Architectural Drafting Contest

March 2023

Greenville Convention Center, Greenville, SC 29607

Room 104 A-B

Schedule: 8:00 am Setup
8:30 am Opening Ceremony
9:30 am Instructions for Contest
9:45 am Contest Begins
12:00 Noon Lunch / Restroom Break
12:15 pm Resume Drawing Contests
4:00 pm Contest STOPS
4:30 pm Judging Begins

All contestants will be identified by assigned number. DO NOT write, show, or speak your personal name. Please refer to the contestant adjacent to you by their assigned number.

Uniforms are required. The uniform as specified by SC SkillsUSA.

You are recommended to bring your resume in paper format. Turn in to Architectural Drafting Chairman upon arrival for Setup time period. This should be submitted with an outer page or folder that covers it with your assigned contestant number upon it.

This problem can be done on:

- Drafting Board
- 2D CAD
- 3D CAD

Whichever one you choose, just be sure you have the equipment and software to produce the solution. Students are encouraged to bring reference material to the contest. This could be anything from text books, Architectural Graphic Standards to software. It is my goal and that of the Judges, that the most qualified student will be selected from this contest, with no aspects of the selection being based on a particular career center or instructor. The contest will measure the proficiency of the individual, which is the most important element of SKILLS USA.
